Manual Testing	<div></div>
Test Case Design	<div></div>
Agile Methodologies	<div></div>
Test Automation Frameworks	<div></div>
Performance Testing	<div></div>
Continuous	<div></div>
Integration/Continuous	<div></div>
Deployment (CI/CD)	<div></div>
Defect Tracking & Management	<div></div>

## TECHNICAL SKILLS

Cucumber	<div></div>
REST Assured	<div></div>
Java	<div></div>
Jenkins	<div></div>
Maven	<div></div>
Git	<div></div>
JIRA	<div></div>
TestNG	<div></div>
Selenium	<div></div>
Postman	<div></div>
JSON	<div></div>
SQL	<div></div>

## CERTIFICATIONS

- Certified ScrumMaster®
- Software Tester Accredited Certification™
- AWS Certified Cloud Practitioner
- AIGPE Lean Six Sigma White Belt Certification

## SOFT SKILLS

Communicator	<div></div>
Problem Solver	<div></div>
Negotiator	<div></div>

# ABHIJEET CHAVAN

## JOB OBJECTIVE

Experienced Quality Assurance professional with over 11 years of experience in leading QA initiatives & ensuring the delivery of **high-quality software products**. In search of a QA Lead or QA Manager role to leverage expertise in **quality assurance strategy, test automation, & team leadership**.

## PROFILE SUMMARY

- Currently helping as a QA Tech Lead at J.P. Morgan Chase & Co., supervising multiple QA teams & spearheading initiatives that enhance **testing processes** & improve overall **product quality**.
- Developed a rich skill set encompassing user **acceptance testing, automation strategies**, and **defect management**, while also fostering a collaborative environment among cross-functional teams to ensure seamless **project execution**.
- Successfully completed over **80% of backlog automation tasks**, showcasing a commitment to efficiency & **quality in functional, regression, integration, and non-functional testing**.
- Possesses in-depth knowledge of **Agile methodologies & Scrum practices**, actively participating in **internal automation sprints** & helping as a **Scrum Master** to facilitate **project progress**.
- Established proficiency in **cloud technologies** like AWS, worked on Cloud migrations testing ensuring **no impact to BAU**, and was involved in PCI-DSS testing, PII data encryption testing, PHI data protection and encryption testing and GDPR compliance on-prem and on-cloud **testing**.
- Proficient in Defect Management, **QA Documentation**, maintaining and keeping **QA Confluence updated, Resource Management**, mentoring and training QA members, and writing blogs related to **Technical and Non-Technical Quality Assurance**.
- Skilled in designing **Automation Frameworks, test plans, test cases** and **test scripts** for **Web UI, API** and end-to-end testing and generating **test execution** reports and test metrics to ensure **software quality** through standard **QA processes**.
